HEADLINE: Education for young Mozambicans in the GDR and Cuba

BODY:

Maputo radio, in reporting a meeting on 9th August between the Minister of Education and Culture, Graca Machel, and 900 young people who were going to the 6DR to continue their education, said they would stay in the 6DR for seven years. At a meeting on 10th August, Maputo radio said, the Minister had given a group of 560 grade six pupils who were to leave shortly for Cuba to continue their studies on the Isle of Youth ''guidelines on the life they are expected to follow in our schools in Cuba''. The students, after completing grade nine, would attend three-year professional courses.

public opinion. In the same context, our diplomatic representation in France also pointed out that these CIA inventions came at a time when its South African counterpart, BOSS, was spreading news of an imaginary general Cuban offensive in Angola against UNITA. . . About 1,260 Angolan students, who are pursuing secondary and (?higher) education in the Ilha da Juventude [Isle of Youth] in Cuba, have been in that country for several weeks on holiday.
